

CYPRUS-GERMANY BUSINESS ASSOCIATION

The Cyprus Germany Business Association

“Steam ahead, make new ideas happen!”

Aiming to foster the economic relations between Germany and Cyprus, the Cyprus-Germany Business Association (CGBA) was established in Nicosia in 2008 and is since then in strong collaboration with the public and private sector, operating in cooperation with the Cyprus Chamber of Commerce and Industry.

The association is supported in its efforts to promote business and business-related educational and R&D activities between the two countries by the Embassy of the Federal Republic of Germany in Cyprus, the Embassy of the Republic of Cyprus in Germany, the Ministry of Energy, Commerce, Industry & Tourism of Cyprus, and other governmental and private institutions on the island. Additionally, CGBA is in close dialogue with numerous German Chambers of Industry and Commerce as well as business and economy related German associations.

The role and activities of the Association are divided in two distinct levels of operation

On a national/international level

- To further enhance and reinforce commercial and economic relationships between Cyprus and Germany,
- To enhance interactions on an economic as well as social level between Cypriot and German business professionals,
- To increase the exchange of knowhow and expertise between entities of the two countries,
- To intensify the cooperation in the area of research and development and to extend its results to the communities,
- To contribute to professional education in Cyprus.

On an individual level

- To inform Cypriot and German business communities of the availability of resources that will help them locate products, services, business partners, and to advise how to best introduce and promote their companies in the markets of both countries and the wider market of the European Union,
- To encourage networking for the promotion and stimulation of business relations and investments in the two countries (i.e. through business forums, trade missions, exhibitions, trade fairs etc.),
- To present members' views to the government and other related bodies and authorities.
